

CRAYLER F3 253 GT-S

PALFINGER CRAYLER

STRONGER AND FASTER

With its newly conceived scissor system the CRAYLER F3 253 GT-S makes it possible to load and unload trucks quicker – and from just one side thanks to its enormous lifting capacity and outreach! This powerful forklift is especially suitable for handling building materials and for recycling applications.

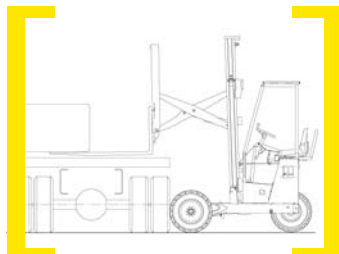

HIGH-PERFORMANCE TRANSPORTABLE FORKLIFTS

A REQUIREMENT THAT TRANSPORTABLE FORKLIFTS HAVE TO MEET ON A DAILY BASIS

- Optimal working **IN FRONT OF** the wheels

LOADING AND UNLOADING FROM ONE SIDE

The innovative concept permits problem-free loading and unloading from one side!

WEIGHT OPTIMISATION

Excellent weight / performance ratio!

- More output
- Greater safety
- Cost savings

EXCELLENT ALL-TERRAIN CAPABILITY

Thanks to its big wide tyres the transportable forklift can do its work even on difficult terrain.

INNOVATIVE SCISSOR TECHNOLOGY

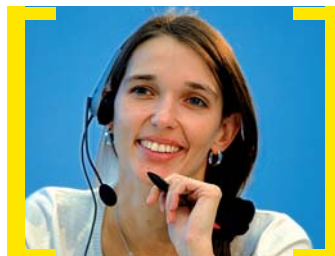

The unit's robust scissor system meets the highest quality standards and permits maximum out-reaches.

TOP STABILITY AND STEADINESS

- The completely newly developed outrigger system permits best-possible stability and steadiness
- The outrigger cylinders are excellently protected against dirt and damage
- Service and repair costs can be considerably reduced or avoided altogether.

SERVICE

Simple and time-saving maintenance, worldwide service network for PALFINGER customers.

Technical data CRAYLER F3 253 GT-S
